▲ Ο ΣΑΜΠΟΛΙΟΝ ΚΑΙ Η ΙΕΡΟΓΛΥΦΙΚΗ ΓΡΑΦΗ

Τα αιγυπτιακά ανήκουν στην οικογένεια των χαριτωποιητικών γλωσσών, δηλαδή είναι ταυτόχρονα αφρικανική και ανατολική γλώσσα. Από την εμφάνισή της, γύρω στο 3150 π.Χ., η αιγυπτιακή γραφή παρουσιάζει τις θεωρητικές αρχές που θα διατηρήσει σε όλη την εξέλιξή της, ως την εξαφάνισή της τον 4ο αιώνα μ.Χ. Ο Ζαν-Φρανσουά Σαμπολιόν γεννήθηκε στη Φιζεάκ το 1790. Από πολύ νέος γοητεύτηκε από την Αίγυπτο, μελέτησε ανατολικές γλώσσες και ήταν ο πρώτος που διάβασε αιγυπτιακά ιερογλυφικά το 1822, με αφετηρία τη στήλη της Ροζέτης. Αφιέρωσε όλη του τη ζωή στη μελέτη της γλώσσας και του πολιτισμού της αρχαίας Αιγύπτου. Το 1826 ίδρυσε το τμήμα Αιγυπτιολογίας του Λούβρου. Το 1831, ένα χρόνο πριν από το θάνατό του, ο Λουδοβίκος-Φίλιππος τον διόρισε καθηγητή στο Κολέγιο της Γαλλίας.

Το Τασίλι ΣΤΗΝ ΑΙΓΥΠΤΟ
Ο Σαμπολιόν συμμετείχε μαζί με τον Ροσελίνι από το 1828 ως το 1830

Objectives

Educating students who are interested in this specialty as well as professionals from various specialties, but working on breast pathology, interested in the latest news in all areas concerned, this thanks to the lectures of international specialists

MANOSMEDI

Original features

International diploma co-directed with Geneva (ongoing OMS registration)

“Roaming” diploma, i.e. occurring in each of the Mediterranean countries

Lectures are upgraded every year

This curriculum exists since 1993

The diploma is linked to national and international events in surgery or gynecology or endocrinology, ... so that we can benefit from the resources of these events, which are mainly congresses

MANOSMEDI

Financial assessment of the DIU

The degree operates as follows:

- Speakers are invited by the organizers of the host country (the link to a congress is thus essential)
- Speakers are not paid and take care of their own transportation costs

Students or professionals register locally for the curriculum (by contacting the curriculum organizers)

- Curriculum contents program with the speakers names is published 3 months before the event

MANOSMEDI

Practical procedure

At the end of each session

The Educational committee members identify the list of students for whom we can validate the 4 years and consequently the certificate

These students fill out the forms and they are sent to Prof J-P. DAURES by mail to the following address :

EA2415 Epidémiologie, Biostatistique et Santé Publique
IURC 641 Avenue du Doyen Gaston Giraud
34093 MONTPELLIER. France

- Prof J-P. DAURES and J-B. DUBOIS will sign and forward The documents will be signed by the Montpellier Medical School
- By the beginning of the next school year, the diploma is sent by mail to the successful students by the Educational committee
